UPS: 1000VA

UPS 1000VA RS232 + USB - rev1

Protect your computer and files with this Uninterruptible Power Supply!

DESCRIPTION

Protect your computer and files against power-failures and surges with the powerful Eminent UPS 1000VA! During a power failure, the battery will give you 20 minutes to save your files and shut down the computers correctly.

Smart software is included and can automatically save your files and shut down the computer when a power-failure occurs. The UPS also has sockets to protect your telephone against surges. Connect the UPS via RS232 and USB.

CPU control produces more steady voltage and frequency output and provides better protection from power-off, short-circuit, overload, voltage fluctuation, and surges.
