Dual Band WiFi 300N USB adapter

Connect your pc or notebook with 2.4 or 5Ghz wireless networks!

DESCRIPTION

Do you want to connect your desktop or notebook to your own wireless home network? Perhaps also to your friends wireless network or even your company's wireless network? The EM4587 Dual Band WiFi 300N USB adapter gives you the opportunity to access a wireless network. Copying big files and video files is from now on an easy job, thanks to the high speed of 300 Mbps.

Dual Band technology

The Dual Band technology avoids interferences and ensures a good data throughput and a reliable connection. The EM4587 is easy to use with both laptops and desktops by its compact design. The Dual Band WiFi 300N USB adapter is perfect for audio and video streaming as well as file transfer.

We recommend an Eminent Dual Band Wireless Router for your home network to ensure a maximum performance.
