Zoom Camera 30X Indoor - rev1

Camera with 30X zoom function!

DESCRIPTION

The Eminent EM6029 Security Camera is a solid high resolution zoom camera. With this security camera you can monitor all your areas securely and comfortably. It is perfectly suited to connect to an Eminent Security Recorder. When using the Eminent Security Recorder EM6005 or EM6015, you can even zoom in and zoom out over the Internet.

Zoom in up to 30 times

Would you like to see crystal clear who is at the door or what number plate a car has? Thanks to the zoom function, the Eminent security camera enables you to see every detail, even at a long distance! Use the zoom function to zoom in up to 30 times.

You can zoom in and out using the mouse or remote control of your Eminent digital video recorder (DVR). If your DVR is fitted with a network connection, it is possible to zoom in and out by using a PC on the network or via the Internet. Watch live video and zoom in or out wherever you are!

High resolution video

The EM6029 camera has a high resolution sensor with 480 TV-lines, so you can see every detail. In order to record images, the Eminent zoom camera should be connected to a security recorder. The Eminent camera uses the standard RS485 protocol, thus suitable for almost every DVR.

The Eminent EM6029 Security Camera is provided with mounting materials. Don't miss a thing with this Eminent high resolution zoom camera!
