- Type: Switching power supply
- Suitable for: Surveillance camera and IR illuminator

### SYSTEM REQUIREMENTS

Type: CCTV Accessories

## Power supply with splitter

Power supply with splitter for surveillance camera and infrared illuminator

### DESCRIPTION

The Eminent Power supply EM6160 can be used to power Eminent surveillance products. The Eminent Power supply EM6160 fits perfectly for the Eminent surveillance cameras. The EM6160 can also be used to power the Eminent IR Illuminator.

#### High Efficiency

The EM6160 Power supply uses switching-mode technology. This results in a high efficiency power supply that generates low heat. Also, the power supply has a low weight and small size.

#### Connect up to 8 cameras

With the included power distributor you can connect up to 8 cameras simultaneously to the EM6160.

Fits perfectly to your Eminent surveillance products!
